MEMORANDUM FOR: Deputy Director for Science & Technology

FROM: Director of Central Intelligence

SUBJECT:

As we look ahead to the budget decisions over the next few months, I'd like to get your review of comparative quality and quantity of from different technical systems, both land-based and space-based. All of it is important; we need to put it into perspective. What and how much comes from satellites; what and how much comes from different types of land sites we have and the different locations we have?
